### INFORMATION

The scheme aims to:

- Encourage persons under 40 years of age representing all walks of life in the ideal of service to the community, and in pursuance of this idea, to under-write, promote or make donations to any organisation encouraging practical participation in civil activities so that they may develop qualities of citizenships.
- Under-write funds and otherwise provide persons with avenues of participation whereby such qualities of leadership as are needed in all communities may be developed.
- Under-write, promote and pay for furnishing practical opportunities for the advancement of the ideals of fellowship and tolerance on a local, national and international basis.
- Educate members of the community generally in matters of civil, national and international importance.

### NOTES

- Applications will be made on the attached application form and it is likely applicants will be interviewed in the selection process. If you are shortlisted by the Selection Panel you will be contacted regarding an allocated interview time which is likely to be early September 2022.
- Interviews are an opportunity for you to meet members of the Selection Panel and state your application more fully. Your attendance at an interview allows the Selection Panel to learn more about your project and answer any questions they may have. It also allows applicants to promote the merits of their project and to seek input and advice from the Selection Panel.
- Applicants may include in their application supporting letters from their teachers/tutors, mentors and other key individuals/organisations.
- The fellowship is intended to cover the all inclusive costs of travel which could not be met by the applicant, provided that applicants are expected to meet not less than twenty per cent of such total costs in each case.
- The project shall be completed within the year following approval of the travel fellowship and recipients must, on completion of the project, return to study or employment as the Selection Panel have approved.
- The Selection Panel may, in special circumstances, and in their discretion, grant more than eighty per cent assistance if an applicant can justify inability to meet the base criteria of a twenty per cent personal contribution.
- Both international and national travel projects will be considered for the 2022 funding round.
- All decisions of the Selection Panel are final and no correspondence will be entered into.
