RANGITĀNE O MANAWATŪ COMMITTEE MEETING

26 April 2023

ORDER OF BUSINESS

NOTE: Prior to the commencement of the Rangitāne o Manawatū Committee meeting, the newly appointed Member will be invited to make a Declaration of Office.

1. Karakia Timatanga

2. Apologies

3. Notification of Additional Items

Pursuant to Sections 46A(7) and 46A(7A) of the Local Government Official Information and Meetings Act 1987, to receive the Chairperson's explanation that specified item(s), which do not appear on the Agenda of this meeting and/or the meeting to be held with the public excluded, will be discussed.

Any additions in accordance with Section 46A(7) must be approved by resolution with an explanation as to why they cannot be delayed until a future meeting.

Any additions in accordance with Section 46A(7A) may be received or referred to a subsequent meeting for further discussion. No resolution, decision or recommendation can be made in respect of a minor item.

4. Declarations of Interest (if any)

Members are reminded of their duty to give a general notice of any interest of items to be considered on this agenda and the need to declare these interests.

5. Public Comment

To receive comments from members of the public on matters specified on this Agenda or, if time permits, on other Committee matters.

NOTE: If the Committee wishes to consider or discuss any issue raised that is not specified on the Agenda, other than to receive the comment made or refer it to the Chief Executive, then a resolution will need to be made in accordance with clause 2 above.

6. Te Motu o Poutoa Design Working Party - Progress Report Page 7

Report, presented by Jason Pilkington, Parks Planner and Kathy Dever-Tod, Group Manager Parks and Logistics.

7. Te Whiri Kōkō - Council Engagement with Rangitāne o Manawatū Page 13

Memorandum, presented by Todd Taiepa - Poutoko Aporei Principal Māori Advisor.

8. Work Schedule for April 2023 Page 19

9. Karakia Whakamutunga

10. Exclusion of Public

To be moved:

"That the public be excluded from the following parts of the proceedings of this meeting listed in the table below.

The general subject of each matter to be considered while the public is excluded, the reason for passing this resolution in relation to each matter, and the specific grounds under Section 48(1) of the Local Government Official Information and Meetings Act 1987 for the passing of this resolution are as follows:

General subject of each matter to be considered	Reason for passing this resolution in relation to each matter	Ground(s) under Section 48(1) for passing this resolution

This resolution is made in reliance on Section 48(1)(a) of the Local

Government Official Information and Meetings Act 1987 and the particular interest or interests protected by Section 6 or Section 7 of that Act which would be prejudiced by the holding of the whole or the relevant part of the proceedings of the meeting in public as stated in the above table.

Also that the persons listed below be permitted to remain after the public has been excluded for the reasons stated.

[Add Third Parties], because of their knowledge and ability to assist the meeting in speaking to their report/s [or other matters as specified] and answering questions, noting that such person/s will be present at the meeting only for the items that relate to their respective report/s [or matters as specified].

Report

TO: Rangitāne o Manawatū Committee

MEETING DATE: 26 April 2023

TITLE: Te Motu o Poutoa Design Working Party - Progress Report

PRESENTED BY: Jason Pilkington, Parks Planner and Kathy Dever-Tod, Group Manager Parks and Logistics

APPROVED BY: Bryce Hosking, Acting Chief Infrastructure Officer

RECOMMENDATION TO RANGITĀNE O MANAWATŪ COMMITTEE

1. That the Committee receive the report titled 'Te Motu o Poutoa Working Party – Progress Report' presented to the Rangitāne o Manawatū Committee on 26 April 2023.

1. ISSUE

- 1.1 The Te Motu o Poutoa Design Working Party has made steady progress on advancing planning for the development of Te Motu o Poutoa/ Anzac Park since last reporting to committee.
- 1.2 This memorandum provides the Committee with an overview of the progress made on the project since the last report, and highlights that the project is now entering a new phase.

2. BACKGROUND AND PREVIOUS COUNCIL DECISIONS

- 2.1 The terms of reference for the Rangitāne o Manawatū Committee include, "oversight of progress and implementation of programmes of work agreed in Kawenata in Relation to Te Motu o Poutoa Agreement, including but not limited to the following strategic project(s): Development of a reserve management plan for Te Motu o Poutoa"; and "In the spirit of partnership, to recommend to Council the reserve management plan for Te Motu o Poutoa".
- 2.2 The Committee last received an update on the project on 2 December 2021. The [report](#) outlined how the project was being managed, and the process for developing possible options for the site.

3. CURRENT STATUS OF PROJECT

- 3.1 The Design Working Party and Project Team have completed the following pieces of work on the Te Motu o Poutoa/Anzac Park development plan since the last formal report:

Councillor Workshop 21 April 2022

- 3.2 An Elected Member workshop was held to provide members with the opportunity to assess, discuss and provide direction to the project team on the possible actions/features within the framework of alignment of the ideas with the council's strategic direction and the site limitations.
- 3.3 Elected Member aspirations were discussed, and these were (for the most part) the affirmation of Rangitāne aspirations.
- 3.4 Two key design considerations emerged from that workshop:
 - That the site continues to be available to the public; and
 - The site should not be overdeveloped.
- 3.5 Elected Members also expressed that they wished to ensure public engagement was undertaken in a meaningful manner.
- 3.6 The information from the workshop was refined and provided to the landscape architects and the Design Working Party.

Guiding aspirations developed – December 2021 to May 2022:

- 3.7 This pulled together aspirations from Elected Members, stakeholders, neighbours, and the Rangitāne Working Party into a coherent plan. A few key features were formed from these aspirations. They are:
 - Develop key ecological and recreation links.
 - Create a new and appropriate entrance.
 - Build a civic marae/whare kai/information centre; and
 - Install a sky-lift to gain access to the buildings on the top of the park (a site-specific version of the Gondola aspiration).

Developing Master Plan and Options – February to June 2022:

- 3.8 Landscape architects began to work on the structures proposed for the site – with the main two options emerging as either a single large structure, or multiple structures potentially under the same roofline.
- 3.9 It was then determined that it was timely to engage an architect to offer more effective spatial options with regards the structures and their relationship to one another.

Engagement of Architects – August 2022

- 3.10 Three potential architects, with relevant scale and experience for the project were considered. One did not have the capacity to take the project on, and so the other two were considered.

- 3.11 The Working Party was about to go on two fact-finding trips where similar structures had been built: Blenheim and Wellington (Wharewaka), to see how similar co-management sites and facilities worked, and what some of the pitfalls might be.
- 3.12 It was decided that the two architect firms should attend the Blenheim trip and stay with the group for the two days so the working party could observe:
- How they related to officers and Rangitāne; and
 - Judge a presentation on how they work and what they plan to deliver/have delivered in the past.
- 3.13 The Blenheim trip took place on 29 August 2022. The visit was a success, and a lot was learned. Extensive notes were taken during the trip and meetings with Blenheim Iwi.
- 3.14 The architects ended up presenting as a single team and asked if they could work together in partnership to deliver their portion of the development plan. This was endorsed by the Design Working Party and agreed under Officer delegation.
- 3.15 Tennent Brown and Boone, working in partnership, have been engaged by Council as the project architects.
- Workshop and site tour at Tanenuiarangi Manawatū Inc/Te Motu o Poutoa with Architects- 6 October 2022
- 3.16 The next step was for the architects to have a tour of the site with Iwi, and a day long workshop at the marae to gain a better understanding of the site, its values and its significance to Iwi and the City.
- Wellington Fact Finding Trip – 7 February 2023
- 3.17 The fact-finding trip to Wharewaka in Wellington by Council officers and Rangitāne representatives was hosted by local iwi taking the group through their journey of a co-managed site with commercial operations.
- 3.18 At the end of the day, the architects delivered a concept for a civic marae for Te Motu o Poutoa, and a series of questions and answers followed on.

4. NEXT PHASE IN THE PROJECT

- 4.1 The initial project plan for the Te Motu o Poutoa/Anzac Park Development Plan described the final stage of the Development Plan as engaging with the public on the concept plans. This would require a Reserves Act 1977 process.
- 4.2 As this project developed it became clear that there would be a few issues with that approach. They were:

- Without a business case, budgets and a sound understanding of the co-management arrangement, the consultation would be flawed, perhaps raising more questions than answers; and
- Elected Members had, at different times, stated they were keen to understand the governance and business model before agreeing any model for consultation.

4.3 A concept design would not be able to give us this information, and Council and Rangitāne would need specialist support to complete this work to better understand these key decision-making aspects.

4.4 The continuation of the Te Motu o Poutoa development plan now requires specialist advice on the co-management and commercial aspects of the development to inform an indicative business case.

4.5 Steve Bramley has been engaged in a project director role to lead the business case development process. Steve's initial engagement is from 20 April until the end of June 2023.

5. NEXT STEPS

5.1 The Te Motu o Poutoa/Anzac Park Development Plan has come a long way since the agreement of the Kawenata in March 2021. The continuation of this plan now requires a different and specific skill set, and the project has engaged Steve Bramley to provide specialist advice on the management and commercial aspects to lead into the business case development process.

5.2 The Project Team will report back to the Rangitāne o Manawatū Committee with an initial business case.

6. OUTLINE OF COMMUNITY ENGAGEMENT PROCESS

6.1 Initial engagement with stakeholders occurred early on in the project.

6.2 Wider community engagement on this is now likely to occur as part of the 2024-34 10-year Plan process.

COMPLIANCE AND ADMINISTRATION

Does the Committee have delegated authority to decide? Committee Terms or Reference 2.	Yes
Are the decisions significant?	No
If they are significant do, they affect land or a body of water?	Yes
Can this decision only be made through a 10 Year Plan?	No
Does this decision require consultation through the Special Consultative procedure?	No

Is there funding in the current Annual Plan for these actions?		Yes
Are the recommendations inconsistent with any of Council's policies or plans?		No
The recommendations contribute to Goal 4: An Eco City		
The recommendations contribute to the achievement of action/actions in Manawatū River		
The action is:		
<ul style="list-style-type: none"> The recommendations contribute to the achievement of actions in the Manawatū River Plan. Implement a series of planning and design projects, including reserve management planning for the Victoria Esplanade, Te Motu o Poutoa/ANZAC Park, Ashhurst Domain, Ahimate Reserve and Te Apiti. 		
Contribution to strategic direction and to social, economic, environmental, and cultural well-being	<ul style="list-style-type: none"> Council will work in partnership with Rangitāne Respect and enhance the Mauri of the Manawatū River The Manawatū River Framework clearly states to identify and appropriately develop Rangitāne sites of cultural and historical significance. This site was identified for development and management planning.

MEMORANDUM

TO: Rangitāne o Manawatū Committee

MEETING DATE: 26 April 2023

TITLE: Te Whiri Kōkō - Council Engagement with Rangitāne o Manawatū

PRESENTED BY: Todd Taiepa - Poutoko Aporei Principal Māori Advisor

APPROVED BY: David Murphy, Chief Planning Officer

RECOMMENDATION TO RANGITĀNE O MANAWATŪ COMMITTEE

1. That the Committee receive the report titled 'Te Whiri Kōkō - Council Engagement with Rangitāne o Manawatū' presented to the Rangitāne o Manawatū Committee on 26 April 2023.

1. ISSUE

- 1.1 Te Whiri Kōkō is the key engagement forum between Rangitāne o Manawatū and the Palmerston North City Council (Council). The forum undertakes the sharing of information, prioritisation of projects and programmes, and establishes how and who will progress work on behalf of Rangitāne o Manawatū.
- 1.2 Elected members have requested that a regular overview of key issues that are tabled at the forum is reported to the Rangitāne o Manawatū Committee.
- 1.3 This being the first of these reports, an overview of the history as well as a broader introduction as to the dynamics of the forum is provided for your information.
- 1.4 The purpose and content of future reports can be adjusted to accommodate feedback received on this report.

2. BACKGROUND

- 2.1 Council has had an ongoing relationship with Rangitāne o Manawatū since the earliest inception of the City in 1864. In recent years the relationship has advanced to an active partnership based on the Te Tiriti o Waitangi – the Treaty of Waitangi.
- 2.2 Rangitāne o Manawatū (Rangitāne) is a Tiriti partner and has the status of mana whenua and holds customary authority for the Palmerston North area.

Much of the focus of joint programmes is to ensure there are pathways for the restoration of mana whakahaere or influence on those matters that remain a priority for the iwi. This can be summarised as the ability for iwi to practise rangatiratanga and kaitiakitanga in their rohe (customary authority and guardianship within their customary area).

- 2.3 In recent years there has been a focus on strengthening the mechanisms to uphold the partnership with Rangitāne. Significant examples include the signing of a joint Partnership Agreement (2018), and Rangitāne leaders being members of four council committees in the 2019-2022 Council term, as well as their early engagement in the Long-Term Plan including joint briefings with Council in the 2022-25 term. Collaborative arrangements such as those at Te Motu o Poutoa where Council and Rangitāne share responsibility and custodianship, are also exemplars of the partnership.
- 2.4 The Partnership Agreement is at its heart about the restoration and maintenance of mana and mauri, affirming the Council's responsibility and mandate to uphold Te Tiriti across all operations and activities. It asks of the Council that we take the utmost care in exercising our custodial responsibilities on aspects of the City's management, in particular those which have a direct impact on the Iwi Māori community.
- 2.5 In summary Council and Rangitāne o Manawatū have an enduring and strong relationship that is seen by both partners as essential to the long-term future development and wellbeing of the people of Palmerston North.

3. PARTNERSHIP ENGAGEMENT: THE BIMONTHLY HUI

- 3.1 Council has in recent years developed some very significant and bold new responses to Tiriti imperatives, with some of the Council approaches having been in place for some time and evolved alongside the relationship. 2003 saw the establishment of regular meetings with Rangitāne in what was then called the Bimonthly Hui. This forum was intended to create an opportunity for scheduled Council officer engagement with Rangitāne leadership over strategic policy and operational matters. This provided Iwi with the opportunity to be briefed over any relevant kaupapa.
- 3.2 From the first hui, there have been three primary parties represented: Te Rangimarie Marae Trustees, Te Hotumanawa o Rangitāne o Manawatū, and the Ngāti Hineaute Hapū Authority. These are the institutions that collectively represented Rangitāne interests to the Council at that time and they continue to hold this status.
- 3.3 From the beginning there were a number of significant benefits. Firstly, the amount of one-off and separate communication between iwi and staff reduced dramatically and became more structured. Engaging regularly established a sense of routine and consistency which build trust and assurance over time.

3.4 It was envisaged that the forum would evolve and that the rather humble name would be replaced at a future time agreed by both parties. In the end it was almost 20 years before a distinguishing name was adopted. The main reason is likely that the meetings were not set up to make full and final decisions or initiate a lot of new work. It was more about enabling easy and regular navigation of issues that had already been initiated by Council or the Iwi.

3.5 The Bimonthly Hui provided an assurance that the partnership was mutual and active, and enabled a routine to evolve which also made it easier to schedule Rangitāne input into work whether it be scoping, planning or implementation.

4. FROM BIMONTHLY HUI TO TE WHIRI KŌKŌ

4.1 The Council and Rangitāne have taken the initiative in recent years to integrate new ways of working in our existing systems. This process is one of constant learning and growth as we come to better understand our shared interests.

4.2 In late 2022, Rangitāne bestowed the name 'Te Whiri Kōkō' for the Bimonthly Hui with Council staff. All parties agree that the name Te Whiri Kōkō is an excellent endorsement of both the journey together as an expression of a shared commitment to Te Tiriti, and the robust and high trust relationship that is expressed both inside and outside of the meetings.

4.3 The name comes from the Rangitāne ancestor Mātangi and refers to the huge flocks of birds he saw when he first crossed the ranges from the Wairarapa. Mātangi followed these flocks and named places in the region as he travelled. Whiri means linking or uniting and Kōkō refers to the sound of those birds.

4.4 While the Partnership Agreement specifies settings for the direct relationship between Rangitāne and Council, Te Whiri Kōkō continues to be the primary forum for ensuring Rangitāne interests are identified and put into effect in the operational space.

4.5 This hui is now held monthly, with a transition from the original bimonthly hui schedule in 2021. This was simply because of the amount of work requiring iwi engagement. The forums occur on a bimonthly cycle with an 'Infrastructure' focus one month, and then a 'rest of Council' activities focus the next. 2022 also saw for the first time a commitment for at least one Executive Leadership Team member to be in attendance. This serves to provide a direct link with iwi leadership and their presence gives a recognition of the mana to the forum.

4.6 Another change in dynamic is that Rangitāne leaders are able to provide more input at the hui than in the past. A key reason is that Council staff have become more aware of what information needs to come to the table for decisions to be made. For example, there is very good understanding of what events are a priority for Rangitāne and so the relevant information is now

provided up front. Another notable contribution has arisen in recent months as Rangitāne have socialised their new Iwi Management Plan with regulatory and policy planning staff. This clarifies priorities and aspirations so now Council staff can provide up front a better assessment of how Council and community-initiated projects might impact on Rangitāne values or contribute to their aspirations.

- 4.7 In summary, Te Whiri Kōkō provides a regular scheduled opportunity for iwi members and staff to meet and discuss important activities with each other in a frank, open and proactive way. The forum covers all workstreams of Council that are a priority for iwi, their long-term aspirations and goals, as well as operational settings for projects and programmes. A key purpose of this hui is to confirm what themes or projects are a priority and how Rangitāne would like to be engaged on a matter. Agreed pathways or outcomes are progressed and iwi input assists with finalising agreed outcomes.

5. MATTERS RAISED IN TE WHIRI KŌKŌ IN RECENT MONTHS

- 5.1 As outlined earlier Te Whiri Kōkō is a monthly forum on a bimonthly cycle between a focus on 'all of Council' and 'Infrastructure'.
- 5.2 Major projects such as Te Utanganui, PNITL, Te Ahu-a-Tūranga and Te Āpiti Gorge projects involve partners and parties beyond Rangitāne and Council and have their own forums and decision-making pathways. For these projects Te Whiri Kōkō is rarely a space for key decisions with Council, however Rangitāne will often take the opportunity to caucus independently before or after Te Whiri Kōkō. Occasionally an update or resolution of simple logistic arrangements is progressed, usually in discussion with the ELT representatives.
- 5.3 The Te Tihi Whānau Ora Alliance is a major partner in the delivery of positive outcomes for Māori in the City. Council is very active in the many Ora Kōnnect programmes in the 4412, in particular our community development and libraries teams, but more widely the alignment with Whānau Ora is very significant in terms of Council's overall work programmes with the Māori community. As per our settings it is usually Council staff and Rangitāne discussing implementation implications of Council decisions that make the agenda of this forum.
- 5.4 Wider community engagement is covered at the hui and Rangitāne is often alongside Council in supporting our community. In recent months there has been contribution by Rangitāne to shaping the membership of Reference Groups such as Seniors and Disability.
- 5.5 The return to close to pre-epidemic settings in our community has meant a close to business-as-usual approach to community events and a huge increase in these matters being considered by Te Whiri Kōkō. This includes the kaupapa Māori driven Pūanga-Matariki, the bicultural and partnership approaches to Waitangi Day, History Week and Heritage Month, and the multicultural events associated with the Welcoming Communities programme or the Festival of Cultures week.

- 5.6 The strategy and policy team are regularly working with Rangitāne on the decisions out of Council committees and attend every meeting to keep these issues moving. Every matter goes to Rangitāne whether for information or as a major contributor based on their prioritisation.
- 5.7 City planning projects are very important and progress on the many urban growth areas and developments such as Tamakūkū, Kīkīwhenua and Kākātangiata are all a key aspect of the work of Te Whiri Kōkō in providing an efficient means of progressing the early stages of this work. As the process opens up to wider engagement and more formal decision-making, the value of early engagement and partnership is demonstrated through promotion of shared values and outcomes and few contested issues at the final stages of these programmes. Further, these projects are reflecting significant innovation and creativity because of the relational dynamics that underpin Te Whiri Kōkō.
- 5.8 One other organisation that regularly attends to progress its engagement with Council and Rangitāne is Central Economic Development Agency (CEDA). The kaupapa that CEDA raises do not duplicate the decision-making forums that already exist but are established to ensure that information is shared and implementation is aligned between the parties.
- 5.9 For the infrastructure focused Te Whiri Kōkō meetings there is again a routine workflow that relates to parks and reserves, major projects or establishment of infrastructure such as playgrounds. The discussion will typically be in the context of a decision by the Council where the staff are seeking guidance on underlying values in the area or a contribution to design of the solution. There has not been a lot of new work to date in 2023. The major project continues to be Te Motu o Poutoa and because of the significance elected members receive regular updates on this programme. The Te Marae o Hine clocktower ātea is a very important project about to be unveiled and a number of smaller river entrance way projects where iwi values are central are also underway.
- 5.10 Housing and accommodation remain one of the most important priorities for Rangitāne and the wider Māori community. The two partners come together in many different forums to progress these issues, with Te Whiri Kōkō currently playing an important but relatively modest role. In recent months, for example, updating the progress of the social housing projects at Papaioea Place which are due to be completed and opened in the next few months.
- 5.11 Transport programmes are also covered and currently the Featherston Street safety upgrades project includes Rangitāne involvement in the safety and design aspects of the project. Rangitāne have expressed strong endorsement for Council's commitment to transforming transport and travel options for Palmerston North over many years.

6. COMPLIANCE AND ADMINISTRATION

Does the Committee have delegated authority to decide? If Yes quote relevant clause(s) from Delegations Manual	Yes
Are the decisions significant?	No
If they are significant do they affect land or a body of water?	No
Can this decision only be made through a 10 Year Plan?	No
Does this decision require consultation through the Special Consultative procedure?	No
Is there funding in the current Annual Plan for these actions?	Yes
Are the recommendations inconsistent with any of Council's policies or plans?	No
The recommendations contribute to Goal 5: A Driven & Enabling Council	
The recommendations contribute to the achievement of action/actions in (Not Applicable)	
Contribution to strategic direction and to social, economic, environmental and cultural well-being	Rangitāne o Manawatū is a Tiriti partner and has the status of mana whenua and holds customary authority for the Palmerston North area. Much of the focus of joint programmes is to ensure there are pathways for the restoration of mana whakahaere or influence on those matters that remain a priority for the iwi. This can be summarised as the ability for iwi to practice rangatiratanga and kaitiakitanga in their rohe (customary authority and guardianship within their customary area).

COMMITTEE WORK SCHEDULE

TO: Rangitāne o Manawatū Committee

MEETING DATE: 26 April 2023

TITLE: Work Schedule for April 2023

RECOMMENDATION TO RANGITĀNE O MANAWATŪ COMMITTEE

1. That the Rangitāne o Manawatū Committee receive its Work Schedule dated April 2023.

COMMITTEE WORK SCHEDULE

Report Date	Subject	Officer Responsible	Current Position	Date of Instruction & Clause number
26 April 2023	Update report on joint working on reserves between Rangitāne o Manawatū and PNCC	Chief Infrastructure Officer		2 December 21 Clause 8.2-21
August 2023	Te Motu o Poutoa Development Plan - Progress Report	Chief Infrastructure Officer		<u>Terms of Reference</u>

RANGITĀNE O MANAWATŪ COMMITTEE

Terms of Reference

Chair*	The Mayor
Deputy Chair	Mr Wiremu Te Awe Awe
Membership (10) (Mayor, 4 Hirawanui ward councillors, 2 Te Pūao ward councillors and 3 Rangitāne representatives)	<i>Te Hirawanui ward councillors</i> Councillor Vaughan Dennison Councillor Karen Naylor Councillor Billy Meehan Councillor Kaydee Zabelin <i>Te Pūao ward councillors</i> Councillor Roly Fitzgerald Councillor Debi Marshall-Lobb <i>Rangitāne representatives</i> Ms Danielle Harris Mr Chris Whaiapu
Quorum	6 (minimum of 3 members from Council and 3 members from Rangitāne)
Meeting schedule	Quarterly
Venue	Meetings may be held at Council Chambers and marae.

Terms of Reference:

1. To consider matters relating to the wellbeing of Māori in Palmerston North, by monitoring: a. City wellbeing data from a demographic perspective (Māori)
b. Long Term Plan community outcome commitments and impact on the local Māori communities

2. To have oversight of progress and implementation of programmes of work agreed in Kawenata in Relation to Te Motu o Poutoa Agreement, including but not limited to the following strategic projects: a. Development of a reserve management plan for Te Motu o Poutoa
b. Manawatū River Framework

3. To consider matters of strategic relevance to Māori, including but not limited to:
a. The Manawatū River Plan
b. urban development and infrastructural capacity
c. boundary issues
d. water and wider environmental issues within Palmerston North City Council's authority
e. the development of relationships between other Iwi/Hapū and Council
f. participation and access

4. To receive presentations on:
a. Te Apiti Manawatū Gorge Masterplan
b. Any matter that may impact on Māori in the city

5. In the spirit of partnership, to recommend to Council:
- a. Leadership direction or guidance with regard to Council's obligations or responsiveness to Māori in the city and related budget implications for future planning
 - b. The reserve management plan for Te Motu o Poutoa
 - c. Any emerging matters for submission to Central Government
 - d. Reserves which are wāhi tupuna to Rangitāne o Manawatū which could also fall under te Kawenata
 - e. Any modifications to Standing Orders or meeting procedures to enable the Committee to effectively operate.

Delegations

Rangitāne o Manawatū Committee has been delegated the following responsibilities by Council. Within its Terms of Reference and complying with the purpose of the Local Government Act 2002, to:

- Receive or note any report or memorandum or other information submitted to the Committee.
- Instruct the Chief Executive to report back to the Committee or to Council.
- Refer any report or memorandum to any other Committee or Council for consideration.
- To undertake any special project oversight as requested by Council.
