Executive Summary

A challenging half year period strongly impacted by COVID-19 which impacted on every touring show in some form, both those from within New Zealand and from overseas. Although our theatre could host up to 400 people by instituting zones, even local events were also uncertain both through the unknown future and through individual organisations moral as well as legislative positions within this environment.

The performances and events that did proceed were warmly embraced as the people of Palmerston North are really wanting to come together as a community and to have moments of normality, which were all to few and fragile during this time. There were always concerns around safety and cleanliness and gathering at anything above a COVID Level 1 status. The Regent working in partnership with Act 3 Productions were very innovative in developing a way to proceed in offering performances and events under COVID Level 2 status (signed off by the Prime Minister's office). This allowed us to be one of the only operating theatres in the country – maybe even the world – during this period of time. While this was not cost effective enough for some companies, it meant since that time others have been able to and we have been able to offer some level of reassurance to our hirers and partners.

Highlights for this period were:

- Being able to operate under Level 2, with Sister Act by Act 3 Productions.
- The Cat in the Hat, was enthusiastically welcomed by the young of the city
- All the diversity of dance events held over this period, as the pent up energy and passion built during various levels of restrictions were unleashed across our stage
- Tina, Simply the Best simply wonderful to see a touring show back in the venue!
- 7 Day always fun and always pulls in a crowd
- All the prize givings and awards shows the year finished with. It was wonderful to see that people had achieved things during a stressful year and wonderful to watch the joy and sense of accomplishment that celebrating them brought.

The theatre was being well utilised with a good balance of shows and events, when it was able to be operational during this six-month period, with a high percentage on community usage as would be expected under these conditions.

Working with our Friends

Contributions made by the Friends of the Regent over many years has provided allowed the theatre to refresh and upgrade it's equipment – improving our patrons experiences in the venue. Along with the City Council they contributed significantly to the upgraded sound system installed during 2020.

We are indebted to the Friends of the Regent for their valuable support, not just financially, but for their time and enthusiasm. The Friends are an integral part of day-to-day theatre operations, providing warm welcoming ushering and front of house services. We are working together with the Friends to look at how we can further improve guests experiences within the venue.

Co-operation with Community Events

The Board's commitment to ensure that the theatre remains accessible to our community hirers continues. This is achieved primarily through the theatre's supportive community pricing rates, which is assisted by our Council funding. Community use has been especially important during this period given the COVID restrictions on travel.

The innovative partnership between the Regent and Act 3 Productions saw the approval to work the venue as five individual zones, allowing the Act 3 production of Sister Act and some other events to continue under COVID Level 2 conditions. The Regent on Broadway Management and Trust Board sees this support as a key investment in the development and the future of the performing arts in our city.

Financial Position

The financial performance for this half year period has been put under pressure with the postponement or cancellation of so many bookings. The Regent received the Government Wage subsidy, to assist during lockdown, however the conclusion of lockdown did not see the resumption of business at pre-COVID levels. Quite the opposite, as companies were unable to tour through boarder closures or trouble pinning down bookings for places in MIQ. Many were also concerned about the financial impact should COVID levels change once they were on tour.

This has put the Regent in a tight financial position, as product needs to come into the building to bring in revenue to cover our costs. The impact has been a deficit to the end of the calendar year, meaning there is no cushion to cover expenses during the normal periods of least income, being the months of January through to early March. Average monthly expenses to cover basic operational costs over the year are approximately \$35,000 per month and still continue during these low income months which necessitates this financial buffer. The reduced income for January and February is largely due to the traditional festive and holiday season shut down period. There is also a reduction in ticket sales during those months which we believe is largely due to the impact the festive season has on the discretionary household budget, this also being a key reason for the low numbers of shows and event booked at the theatre during this time.

The budget forecast for year end is a significant deficit for theatre operations of \$89,221 before depreciation.

Surplus (Deficit) before Council grant	(126,090)	(184,733)	(85,101)
Operating Grant from Council	119,143	119,143	117,993
Surplus/(deficit) after Council Grant	(6,946)	(65,590)	\$32,892

The following table summarises our financial position for this half year period:

The above summary is exclusive of depreciation. Depreciation for this half year period is budgeted at \$69,500

Future Resourcing

The vision by the Trust to maintain the theatre as state-of-the-art as well as its magnificence as a world class heritage theatre and building continues. A stage 2 of the audio system upgrade is planned in 2020/21 to replace the theatre's aging audio mixing equipment, cost \$43,600.00. A stage 3 is planned in 2022/23 for the upgrade of the back of stage audio monitoring and fold back systems, budgeted cost \$50,000.00.

The Foyer carpet was planned for replacement to be undertaken 2020/21, budget cost \$80,000.00. However, a thorough clean of the carpet has found it to be in better condition than expected, and the replacement has been delayed.

The Fly System is the next theatre facility requiring large investment of ~\$100,000. After research is has been found that this can safely be done over the next three years, with a budget of \$35,000 each year from 2020-21 financial year through to 2022-23. Funding applications will be done to assist in funding this refurbishment project.

Looking Forward

Forward bookings for the remainder of this reporting year are starting to pick up with a range of local and touring content. However, shifts in the COVID alert levels continue to create uncertainty in promotors, community groups and ticket buyers alike. The Regent Theatre Trust Board and Management continue to invest in future shows through Regent on Broadway Promotions. Alongside this we are with working with New Zealand and Australian promoters and theatre companies - who are more likely to be able to provide product than the international organisations at this time – to promote confidence that we are able to deliver at COVID levels one and two.

Performance Outcomes

The outcome that the Regent Theatre Trust Board is seeking to achieve:

To develop, promote, enhance and maintain the Regent on Broadway as an active civic amenity for use by the community, community groups and as a world-class 1400 seat heritage auditorium as a venue for live performances, community events, graduations and the performing arts, attracting international, national and local performances.

Performance against strategic priorities for the 2020-21 half year

Summary of Key Performance Outcomes for 2020/21 Half Yearly reporting.

	Key objective for 2020/21	Outcome for this half year reporting period
1. To be a venue for exciting community and performing arts experiences for the people of Palmerston North and the wider Manawatū region including	Total number of main auditorium hires annually (days the auditorium is used), to be not less than 158.	Total auditorium hires in this half year were 102 days.
recognising the role of local Tangata Whenua.	Total number of main auditorium national/international venue hirers (actual live performances), to be not less than 30.	National/international venue hirers used the auditorium in this half year for 14 days.

	Total number of events overall that are held over all spaces in the theatre 350.	Total number of events held over all spaces in the theatre in this half years was 188.
	Secure the funding for the theatre's main auditorium sound system and to progressively improve and add to the system over the next 3 years. Funding to be sourced is \$40,000.	This will advised during the next report at the end of the financial year.
	Additional capital expenditure funding for other projects from the Friends of the Regent or other funding providers is \$40,000.	This will advised during the next report at the end of the financial year.
2. To engage in effective collaboration with our stakeholders and clients, enabling the best customer experience.	Total number of variety type shows such as tribute concerts and professional performers from the commercial sector, not less than 20.	This half year period contained 8 variety type shows.
	Total number of tertiary graduation ceremonies held, not less than 11.	4 tertiary graduation ceremonies held in this half year, slightly behind target, but a number of Graduation Ceremonies were delay until the new year.
	Total number of local school concerts held, not less than 10.	Due to COVID some schools cancelled or postponed their productions. Only 4 school productions were hosted.
	Total number of school prize-giving held, not less than 14.	COVID also impacted prize-givings, with only 9 held in this half year.
	Total number of ethnically diverse concerts and productions, both community and professionally produced, not less than 6.	4 ethnically diverse events were held during this half year.
3. To engage with diverse audiences via a marketing and promotion strategy that is continually developing and responding to regional demographics and artistic/cultural trends.	Total attendances to all events held, not less than 88,600	Due to the number of events cancelled or postponed in response to CIVOD, the total attendances for this this half year period is behind target at 38, 190.
