

## SO-1

---

**From:** Submission  
**Subject:** FW: Proposed Plan Change J: Massey University Turitea Historic Area

Attention: Tara Lennard, PNCC Planner

Kia ora Tara,

Many thanks for your invitation dated 26 January 2022, to make a submission and contribute my views to the planning process for this area and related Plan Change.

On behalf of the Palmerston North Defence Heritage Advisory Group (PNDHAG) and the Palmerston North RSA (PNRSA), I support the proposed Plan Change in its entirety, along the lines that WSP Consultants has submitted on behalf of Massey University. There are some significant military heritage and history aspects connected to this area (particularly prior to, during and immediately following the Second World War) and the Plan Change will assist in preserving and protecting these for the future. I have also suggested that placemaking, wayfinding and signage treatment also be incorporated into the plan for this area, to ensure that there is an awareness of such significant military heritage connections.

Please get back to me if you require any further information. Nga mihi, Joe

Joe S. Hollander  
Chair, PNDHAG and  
Vice President, PNRSA
