

39 Meadowbrook Drive
Palmerston North 4412

To whom it may concern

This is a letter confirming our opposition to the proposed Whiskey Creek Residential Development Plan, we are of the same opinion for the opposition of this plan as detailed in our first submission which you received previously. In addition, we wish to stress the increasing recurrence of bad weather events (flooding in Feilding twice in one week) like the severe thunderstorm watch from Whanganui to Wellington on Wednesday. Such events cause flood damage to widespread areas, and there is concern as to whether the current Mangaone Stream Stopbanks will continue to hold deluges like the height of the Mangaone Stream on Tuesday morning.

Yours

Mrs S Rasmussen
