Do you prefer one of the other options?	
Tell us more	<p>I cannot see how the council wants to spend this amount of money on a project that will only be for a small part of the community. Surely there are much greater needs for the City. And at what cost to the ratepayers, to run this Centre annually.</p> <p>Your future wants for this City, pie in the sky projects are a burden to every ratepayer.</p>

Preferred hearing dates	
Managing Te Motu o Poutoa Civic Marae and Cultural Centre	
Do you support our preferred option?	I don't know / no opinion
Do you prefer one of the other options?	Fully owned and managed by Rangitāne o Manawatū
Tell us more	The capital owned by whoever paid for it, but Rangitane given the responsibility of running it. Some sort of lease arrangement if possible. My worry is that, if a CCO, it gets bailed out from PNCC OpEx if it is not performing. Rangitane will be motivated to do a good job!

Do you prefer one of the other options?	
Tell us more	<p>Please allocate the long term project to something else. The money can be spent on infrastructure rather than culture. It's a nice to have rather than a necessity. We have such great cultural partnership with rangitane at the gorge, the Linton track, he ara kotahi, the square, museums. This public space would not get the foot traffic required to keep it viable. If you suggest schools go to it then it is catered to a select demographic. There is information on the Internet for ppl who would like to know and learn more about the culture. If they want to experience the culture then I highly recommend te manawa. Please stop living in the past and trying to fix grievances. Please look towards the future. I do not want my rates spent on a building that focuses on a single culture. There is so much racism in NZ already.</p>

Tell us more	<p>Why is it a Maori marae and design instead of a a multicultural non specific designed building. Palmerston Nth born and bred just over the river in Esplanade, looking up at what was called Pork Chop hill for years by Palmerstonian New Zealanders, not Maori, non-maori or any other race. Why are we cow-towing to 16%of the population that contain way less than 25% Maori blood but 75% + non-Maori blood that they conveniently seem to forget, and seek to divide this country by race. My family were born and bred in Palmy and still live there. I have been away for a few years and returning this year to retire and it is disgraceful that a council is being so woke and so divisive in its approach to using ratepayers money on nice-to-have projects instead of doing necessities first and being thrifty and listening to the ratepayers and accepting all submissions, rather than only those submissions that fit into your already decided plans, and ignoring the submissions that don't agree and outnumber your plans, despite being elected representatives and needing a mandate for actions.</p>

Tell us more	<p>I feel that any business site hire and any other facility which makes an income should use profits for sustainability of the project to reduce tax payer expense.</p> <p>For example Cafe be owned by council and profits go directly towards upkeep and management</p> <p>All running of the site be managed internally by council not by third party which would charge a fortune. to do so.</p> <p>Schedule Regular public events from this site to maximize exposure and use of the facility such as monthly community market. Community events to be shared at this location rather than just in the square. or the Pitt Lane at Race way.</p>

Do you prefer one of the other options?	Fully owned and managed by Rangitāne o Manawātū
Tell us more	Why is Council considering any sort of investment in anything other than core infrastructure? The long term plan admitted the need for heavy investment in Wastewater services. Unless it's rates neutral Council should not be engaging in any additional activities until it's taken care of the basics

Tell us more	I applaud this initiative, and welcome the joint venture. That said, given the immense importance to the iwi, I'd prefer they had a higher percentage around representation and that any agreement is absolutely water tight, so that the rug isn't pulled.

Do you prefer one of the other options?	Fully owned and managed by Council (part of our parks and reserves)
Tell us more	I do not support this project or any of the alternate options. Council is fleecing ratepayers while crying poor and this project is not affordable. If Rangitane are to cogovern it then they should fund 50% of the project.
