24. DESIGNATIONS

24.1 Introduction

In general, land that is used or is proposed to be used for a public work is 'designated' for that specific work (e.g. road, school, police station). Any Minister of the Crown or local authority which has financial responsibility for a public work has the power (under Sections 168 and 168A of the Act) to require the Council to include a designation of land for any such work in its District Plan.

Approved network utility operators also have this power. In this context Ministers of the Crown, local authorities and approved network utility operators are 'requiring authorities'. A requirement for a designation by a requiring authority is referred to as a notice of requirement. When the requirement is included in the Plan, following Council assessment and requiring authority confirmation, it becomes a designation.

When land is designated in the District Plan it can be used for the designated purpose. Certain conditions may apply to the designation and these are stipulated in the Plan. If any person wishes to use the land in a way that would hinder or prevent the designated work, that person must obtain the prior written consent of the relevant requiring authority. All designated land has an underlying zoning (generally the zoning which applies to adjacent land) and this zoning applies where a designation is removed or for activities which are not in accordance with the designation. All designated land is specifically identified on the Planning Maps. An accompanying Schedule indicates the body having financial responsibility for the designated work or use, any further description of the designation where necessary, and the relevant underlying zoning.

24.2 Assessing the Environment of Designations: Outline Plans

An outline plan of a public work, project, or work to be undertaken on designated land must be submitted by the requiring authority to the Council to allow any changes to be requested by the Council before the proposed work is commenced (refer Section 176A, RMA). An outline plan is not required if the actual work is already approved under the Act or if the details of the work have been incorporated into the requirement or if the Council waives the requirement.

An outline plan must show the physical features of the work, its location and relationship to the site and any other matters to avoid, remedy or mitigate any adverse effects on the environment. The outline plan procedure enables Council to better ascertain the effects of future development and ensure they are controlled.

24.3 Rules: Treatment of Designated Roads

R24.3.1 TREATMENT OF DESIGNATED ROADS

All roads identified on the Planning Maps constitute a designation for roading purposes. Any roads, whether constructed or not, shall be given an underlying zoning of the adjoining property. The centreline of the road shall act as the zone boundary, should two different zones adjoin each other.

NOTE TO PLAN USERS

The centreline of the road is the mid-point between the edges of the formed or designated roadway (i.e. those roads shown on the Planning Maps that are uncoloured). The centreline can be visible (e.g. a white line painted along the middle of the road) or notional (e.g. the middle of a median strip).

For the purposes of R24.3.1, the median strip (notional centreline) of the existing formed road around the perimeter of The Square delineates the zone boundary between the Recreation Zone and Inner Business.

Explanation

At the time of stopping a road under the Local Government Act 1974 and/or a designation for roading purposes is removed under Section 182 of the Resource Management Act 1991, the zoning of the land affected by those actions will revert to the underlying zoning and be subject to the requisite provisions for that zone.

Activities that do not meet the purpose for which the designation is made (i.e. roading purposes) will be assessed under the rules for the relevant zone in which the road is located in accordance with Section 176 of the Resource Management Act 1991.

24.4 Appendix 24A

Appendix 24A which follows, contains a Schedule of the Designations within the City including details of the designating authority and the location of the designated site.

Table 1: Schedule of Designations

Site Reference Number	Legal Description and Location	Designated Purpose	Requiring Authority	Underlying Zoning	Planning Map Index	Duration (if longer than 5 years and not given effect to)	Further Details (e.g. source documents, duration period longer than 5 years)
1.	Lot 2 DP 83677 (10-12 Guildford Street, Ashhurst)	Ashhurst Community Policing Area	Minister of Police	Residential	10		
2.	Lot 3 DP 24699 Palmerston North (94 Highbury Avenue)	Highbury Community Policing Centre	Minister of Police	Residential	25		
3.	(i) North Island Main Trunk Railway (NIMTL) (ii) Palmerston North - Gisborne	Railway Purposes	KiwiRail Holdings Limited	As shown on planning maps	9, 10, 14		
4.	Camp Road, Linton (See Attachment 1 for full legal description)	Linton Military Camp - Defence Purposes	Minister of Defence	Rural	30, 31, 37, 38		

Site Reference Number	Legal Description and Location	Designated Purpose	Requiring Authority	Underlying Zoning	Planning Map Index	Duration (if longer than 5 years and not given effect to)	Further Details (e.g. source documents, duration period longer than 5 years)
5.	Section 1 SO 37467 (CT46C/871), City of Palmerston North. <i>(486 Main Street)</i>	Justice Purposes	Minister of Justice	<i>Inner Business</i>	25		
6.	Part Maori Block 2 Kairanga, Section 1 SO 37908 <i>(546 Camp Road)</i>	Correction Purposes	Minister of Corrections	<i>Rural</i>	30, 37		
7.	Part Lots 6, 7 and 8 on DP 276 <i>(621-623 Main Street Palmerston North).</i>	Telecommunication and Radio communication Purposes	The Radio Network - Limited	<i>Outer Business</i>	19

Attachment 1 Linton Military Camp

Linton Military Camp located at Camp Road comprising approximately 330.8979 hectares and described as follows:

Part Rural Section 172, Township of Fitzherbert, Part Kairanga No 2, Part Section A Kairanga Native Reserve, Part Rural Section 167, Township of Fitzherbert, Part Rural Section 168, Township of Fitzherbert, Part old bed Kahuterawa Stream, Part Section B, Kairanga Native Reserve, situated in Block XIV, Kairanga Survey District.

Part Rural Section 2, and Part Rural Section 3, situated in Block XIV, Kairanga Survey District. Parts Kairanga D, E and F, situated in Block XIV, Kairanga Survey District.

Parts Rural Sections 9 and 10, Township of Fitzherbert, situated in Block XIV, Kairanga Survey District.

Part subdivisions C, D, E and F of the Kairanga Block Balance of certificate of title, Volume 280 folio 200, Wellington Land Registry.

Part Section 172, Town of Fitzherbert Balance certificate of title, Volume 224 folio 43, Wellington Land Registry.

Section 437, Town of Fitzherbert, situated in Block XIV, Kairanga Survey District.

Attachment 2 State Highway Designations

2.1 STATE HIGHWAY 3

Rangitikei Line	from City boundary to the intersection with Tremaine Avenue
Rangitikei Street	from the intersection with Tremaine Avenue to the intersection with Grey
Grey Street	from the intersection with Rangitikei Street and Walding Street to the intersection with Princess Street
Princess Street	from the intersection with Grey Street to the intersection with Main
Main Street	from the intersection with Princess Street to the intersection with Upper
Napier Road	from the intersection with Main Street and Upper Main Street to the City

2.2 STATE HIGHWAY 56

Pioneer Highway	from the intersection with Maxwells Line to the City Boundary (intersection of Shirriffs Road, Pioneer Highway and Rongotea Road)
-----------------	-----------------------------------------------------------------------------------------------------------------------------------

2.3 STATE HIGHWAY 57

Tennant Drive	from City Boundary to intersection with Kahuterawa Road
Old West Road	from intersection with Kahuterawa Road to intersection with Turitea
Turitea Road	from intersection with Old West Road to intersection with Aokautere
Aokautere Drive	from intersection with Turitea Road to Fitzherbert East Road and Pahiatua
Fitzherbert East Road	from Pahiatua Track to intersection with State Highway 3 near

2.4 STATE HIGHWAY 54

Kairanga - Bunnythorpe Road and Milson Line	from the intersection of Rangitikei Line and Kairanga-Bunnythorpe Road to the intersection of Kairanga-Bunnythorpe Road and Milson Line.
---------------------------------------------	------------------------------------------------------------------------------------------------------------------------------------------

2.5 DESIGNATION ALTERATIONS

State Highway 3 and 56	for details on alterations to these designations since the Plan became operative in December 2000, please refer to Attachment 2A
------------------------	----------------------------------------------------------------------------------------------------------------------------------

Attachment 2A: Alteration of Designation #15 State Highway 3 at the Intersection of Rangitikei St and Grey St

Alteration of Designation #15
State Highway 3 at the
Intersection of Rangitikei St
and Grey St

Attachment 3B Conditions – Air Space Designation

- a. No person is permitted to erect, plant, permit or suffer any building, structure, equipment, conductor, tree or vegetation of a height or width greater than specified within the prescribed radius bands shown on the plan and diagram No. 46155 (Sheet 1 and 2) annexed without obtaining the prior written approval of Airways.
- b. Airways may only withhold its approval on the basis that the proposed activity may interfere with the effective operation of the VOR as part of the air traffic control network and instrument approach system for the Palmerston North International Airport.

Attachment 4: Conditions – Chorus/Telecom Designations

Site Name	Current Underlying Zone	Conditions
<p>Ashhurst Exchange</p> <p>Kelvin Grove Exchange</p> <p>Cloverlea Exchange</p> <p>Turitea Road Exchange and Radio Station</p>	<p>Residential</p>	<p>Height – Masts and Antennas</p> <p>1. The height of any mast and associated antennas (excluding any lightning rod) shall not exceed 15m.</p> <p>Except this shall not restrict the maintenance, upgrading and addition of aerials and antennas on the existing lattice tower at the Turitea Road Exchange and Radio Station where it infringes this condition provided there is no additional exceedance of the existing height of that mast.</p> <p>2. Any new mast and associated antennas shall comply with the relevant height in relation to boundary controls from adjoining residential boundaries as included in the Palmerston North City District Plan as at the 4 July 2012.</p> <p>3. Antennas mounted on the roof of buildings shall not extend more than 3m above the maximum height of the roof of any existing building.</p> <p>Buildings</p> <p>4. Any buildings, excluding masts, exhaust flues, antennas and air conditioning equipment shall be contained within the following building envelope:</p> <p>Height 9m</p> <p>Front yard setback 3m</p> <p>Except this shall not restrict the maintenance, upgrading and replacement of any existing building where it infringes this condition provided there is no additional exceedance of the standards with this condition.</p> <p>Height in relation to boundary – shall comply with the relevant height in relation to boundary controls from adjoining residential boundaries as included in the Palmerston North City District Plan as at the 4 July 2012.</p> <p>Noise</p> <p>5. Any new noise generating equipment (excluding any electricity alternator required for emergency backup power generation) shall not exceed the following noise limits:</p> <p>At the boundary of the site with any Residential Zoned land:</p> <p>7am – 10pm: 50dBA L_{eq}</p> <p>10pm – 7am: 40dBA L_{eq}</p> <p>10pm – 7am: 70dBA L_{max}</p>

Site Name	Current Underlying Zone	Conditions
		<p>6. Where existing site noise already exceeds the levels in condition 5 above, that any new noise generating equipment (excluding any engine alternator required for emergency backup power generation and/or load shedding) shall cumulatively in combination with any other noise generating equipment on the site not result in any increase in existing noise levels received at any other property boundary. A noise assessment may need to be submitted as part of any outline plan (depending on circumstances) to confirm the existing noise levels and predicted new noise levels to confirm compliance with this condition.</p> <p>7. For any new engine alternator required for emergency backup power generation and/or load shedding that exceeds the noise limits in condition 5, an outline plan shall be required which demonstrates how the equipment and any mitigation is the best practicable option (BPO) to ensure that noise levels do not exceed a reasonable level.</p> <p>Radiofrequency Fields</p> <p>8. Any equipment transmitting radiofrequency energy shall comply with the exposure levels stated in New Zealand Standard NZS2772.1:1999.1 at all times.</p> <p>Outline Plan of Works</p> <p>9. That no Outline Plan shall not be required for any internal building works that do not result in any increases in noise emissions, or for the replacement of any antennas with antennas of similar size provided that there is no overall increase in the overall height of the facility.</p>
<p>Palmerston North Exchange</p>	<p>Inner Business</p>	<p>Height – Masts and Antennas</p> <p>1. The height of any mast and associated antennas (excluding any lightning rod) shall not exceed 20m.</p> <p>2. Antennas mounted on the roof of buildings shall not extend more than 5m above the maximum height of the roof of any existing building.</p> <p>Buildings</p> <p>3. Any buildings, excluding masts, exhaust flues, antennas and air conditioning equipment shall be contained within the following building envelope:</p> <p>Height 9m</p> <p>Except this shall not restrict the maintenance, upgrading and replacement of any existing building where it infringes this condition provided there is no additional exceedance of the standards with this condition.</p>

Site Name	Current Underlying Zone	Conditions
		<p>Noise</p> <p>4. Any new noise generating equipment (excluding any electricity alternator required for emergency backup power generation) shall not exceed the following noise limits at the site boundaries (excluding the road):</p> <p>At any time on any day: 65dBA L_{eq} and 90 dBA L_{max}</p> <p>5. Where existing site noise already exceeds the levels in condition 4 above, that any new noise generating equipment (excluding any engine alternator required for emergency backup power generation and/or load shedding) shall cumulatively in combination with any other noise generating equipment on the site not result in any increase in existing noise levels received at any other property boundary. A noise assessment may need to be submitted as part of any outline plan (depending on circumstances) to confirm the existing noise levels and predicted new noise levels to confirm compliance with this condition.</p> <p>6. For any new engine alternator required for emergency backup power generation and/or load shedding that exceeds the noise limits in condition 5, an outline plan shall be required which demonstrates how the equipment and any mitigation is the best practicable option (BPO) to ensure that noise levels do not exceed a reasonable level.</p>
		<p>Radiofrequency Fields</p> <p>7. Attachment 5: Purpose and Conditions for Oranga Tamariki Residence (Te Au rere a te Tonga) Designation

Purpose:

Oranga Tamaiki Residence

An Oranga Tamariki residence operated to fulfil the current and future obligations and duties of the Chief Executive of Oranga Tamariki – Ministry for Children for youth justice and certain adult jurisdiction reasons, including for:

- a. The placement of children/tamariki and young persons/rangatahi for the purpose of providing care (including secure care), protection, control, treatment and transitional services; and
- b. Ancillary educational, recreational, rehabilitative, administrative, visitor accommodation, cultural and transitional facilities; and
- c. Activities consistent with and ancillary to the establishment, operation and maintenance of the residence, including buildings, fixed plant and service infrastructure, fencing, landscaping, earthworks, outdoor recreation areas, shared services, access and parking.

Condition

Any habitable room in a new building constructed after 18 December 2010, shall be protected from noise arising from outside the building by ensuring the external sound insulation level achieves the following minimum performance standard:

$D_{nT,w} + C_{tr} > 35 \text{ dB}$

Compliance with this performance standard shall be achieved by ensuring habitable rooms in new buildings are designed and constructed in a manner that accords with an acoustic design certificate signed by a suitably qualified acoustic engineer stating the design as proposed will achieve compliance with the above performance standard.

Table 2: Schedule of Heritage Orders

Site	Legal Description	Nature of Protection	Heritage Authority	Underlying Zoning	Duration (if longer than 5 years and not given effect to)	Details
A.	Lot 2 DP 48678 615 Featherston Street	Building - Hoffman Kiln	Heritage New Zealand Antrim House 63 Boulcott Street Wellington	Industrial		The kiln, which was built in about 1918 and used until 1959 is a fine example of industrial architecture. The structure known as the Hoffman Oblong Continuous Kiln, together with its associated land, shall not be demolished, altered or extended without the prior written consent of the New Zealand Historic Places Trust. The order does not apply to the other buildings or structures situated on the land, although it does include the land in total. Therefore, no use or uses should be undertaken that would in any way prejudice the Kiln.
