

Palmerston North City Council

Electing 15 Councillors

Bruno PETRENAS

Independent

My principal place of residence is in the Palmerston North City Council area.

I have been honoured and privileged to be a Palmerston North City Councillor for the past 5 years. My wife and I live in Milson and enjoy the vibrant and caring neighbourhood. Palmerston

North is now at the cusp of significant growth entering the most challenging period of sustained construction and development for 40 years, with infrastructure projects spanning transport, energy, defence, health, wastewater and liveability. As a professional civil engineer I have managed major projects in New Zealand and Australia that can bring important perspectives to the issues facing our City. In particular I want to help in addressing this infrastructure development and our future wastewater strategy. I intend to bring my specialist perspective to achieving investment, jobs and wellbeing especially for the elderly. Through my accomplishments and vision for Palmerston North, I believe I can best represent you in this forthcoming election.
